Me:

I'm not sure what the correct term for this stuff is, but it's different from fanfic as known in the world of SF fandom.

Wombat:

I don't think so. It's different from the core fanfic of the early Trek fandom, but everything and everyone gets pulled into the broader sweeps of fanfic.

Wellll, as I said, I sort of come from a mid-'70s headset about all this stuff. Been there, wrote the story, sold it to Forry.

I'm trying to think of the most appalling possible New Sun fanfic. Father Inire and the mandrake? Little Severian and Typhon? Thecla and an avern? The Green Man and Master Ash could actually be pretty cool.

Howzabout "Journeyman Torturer Mary Sue?" Smarter than Severian, prettier than Barbatus, stronger than Baldanders, gets to torture them all...
