(Sorry if this has been mentioned here before -- I fairly new to this 'list')

The cover illustration for the first UK edition (NEL 1993) of
-Nightside the Long Sun_ is by Richard Bober (is this the same as the US Tor edition?). It shows
Patera Silk on the battlements of Blood's house in a stance that I've always thought a little
contrived and yet strangely familiar. I've just found out why -- it was taken from a publicity still
of Errol Flynn in the 1940 film
The Sea Hawk ![Image]
