OK, I've been restraining myself, but perhaps the time has come to act. Do we need...

A mailing list for discussing THE BOOK OF THE NEW SUN

A mailing list for GENE WOLFE stuff in general

I'd be glad to set them up if there's demand, but I'm not sure what the right way to do it is. I'd prefer to keep the Whorl list focused mostly on Long Sun. If the New Sun list is similarly focused, then we do need at least three lists to cover Urth, Whorl, and The Rest. On the other hand, if everyone in the world who's interested in one of these topics is equally interested in the other two, then it may be foolish of me to try to keep them separated.

Let me know what you think; I'll open up the new list or lists in April. Please send your suggestions directly to me (ranjit at best.com) and not to the Whorl list. Perhaps we need a mailing list for discussion of wolfe-related mailing lists?

I vote for a single list, not necessarily LONG SUN-centric. I am afraid that several folks on this list have been restraining themselves when it comes to discussion of other topics. Why else would no one have replied to my query re. Nessus' location today? Maybe it's discussed in one of the critical essays. I'll have to dig those up.

Almost halfway through ULYSSES. Great book.
