Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Just back from temporary exodus from LS to find question-op for Wolfe and already several profound questions. Mine isn't profound at all: Is Pike's ghost an aquastor (or whatever) or Quetzal? (Me voting Quetzal, naturally.)

Most interesting stuff meanwhile esp. from vizcacha and mantis re Mint, also re connections between series.
