Attention! Attention!

The train has left the station. Last onboard was alga, overloaded with boxes--I won't say yet which one managed to stay with her. <g>

The train, rated for a dozen, is dangerously overloaded with fifteen. (We don't want to overburden the author!) Thrills, chills . . . spills?

Please save or refine your remaining questions. We have a few weeks to wait--plenty of time.

So please return to your previous threads, topics, and obsessions. Thank you.

That is all.
