Matthew Freestone,

Ah, you caught the NOVELTY that I missed. I thought of it only after I'd sent, thought of sending an addendum, thought again.

"Infundibular" is "funnel-shaped," isn't it? While I've noticed that the short stories in ANTIQUITIES are often "miniatures" of Crowley novels, I confess I can't quite understand how a short can be a "funnel-shaped" version of either a novel (AEGYPT) or a series of novels (AEGYPT the series). Please elaborate! (I don't have NOVELTY, btw & fwiw.)

Hierodule,

Ah, you were there too! Great! Hmmm--as you suggest, that history spread is quite different if it refers only to the duration of the Age of the Autarch rather than the whole period separating Earth from Severian. <Watching for that transcript!>
