Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Support for the merger of the Urth and Whorl mailing lists is overwhelming. There's also a lot of interest in a list for other authors -- as long as they're the Right Kind of authors. Therefore, in a week or so, the Urth and Whorl lists will be closed and replaced with the Wolfe and Lupine lists.

Everybody currently subscribed to Urth or Whorl will be automatically signed up for both Wolfe and Lupine. You can let me know by email (ranjit at best.com -- do not reply to this list) if you don't want to be on one of these lists -- or just unsubscribe once the lists are created.

So, Wolfe list for Wolfe works, Lupine for anybody else (as long as they are -- by popular acclaim -- of interest to the Wolfe Pack). Write me (ranjit at best.com) if this plan sounds foolish, because I'm about to set the juggernaut in motion.
