At the same time, some people just aren't reading very carefully. The analytical afterword in my Ace paperback edition of "Fifth Head" praises Wolfe for not telling us whether V.R.T. is an alien shapeshifter or a human being; in fact, it is clear he is an alien. (Ah, but why is he called V.

I

get the R.T., but why the V.)

Huh? Care to share? I get the V---fifth head, Number Five, Veil, Victor etc.---but not the RT.

I wish you distributed it better! I was in NYC last week and shopped several places, including SF stores, and nobody had the NYRSF, and most had never heard of it.

Ratty, distribution is via moi. Send your mailing address not to this email address but to al at ny.playboy.com and I will send a xeroxed copy via snail mail.
