Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Hmm. Well, I don't want to be **too** picky, but all of these works **are** copyrighted....

Oh, get real, Wombat! It would take you guys three months to get around to mailing the thing (I know whereof I speak), whereas I offer same-day service with a free copy of Playboy thrown in (you have to ask specially for that). Besides, I've only had four requests. If you insist on your nano-ounce of flesh, take it out of the \$25 you guys have owed me for more than an year and a half.

I had forgotten that poor customer service voided copyrights. My mistake. Forget I said anything.

Anyone want some really great Jenny McCarthy scans?
