Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

This week marked the first anniversary of the WHORL mailing list (unless I misplaced a decimal point somewhere). Thanks to all who have contributed over the past year!

Activity on the list has been light of late as discussion after the release of Exodus has died down, but the list will stay open in anticipation of occasional activity. Meanwhile, if you don't already know about it, there's another mailing list for discussion of Wolfe's New Sun series and his other works: information is at the web address below.

The entire history of the urth and whorl mailing lists is recorded in the archives:

<http://www.moonmilk.com/whorl/>

<http://www.urth.net/urth/>

Coming soon: bookofgold, a mailing list for other stuff Wolfe readers like.
