Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

This is Sean Whalen (prion).

Mantis, I certainly plan to order LS-1, but since it will be a while until it arrives, could you or someone else tell me which characters I haven't listed yet so I can finish this series of letters up? Thanks.
