Thanks for answering Peter. Anybody have any ideas on Silk tracing circles on his cheek?

Someone suggested that it was to do with his father's razor, which is mentioned from time to time; he might have a scar there.

Severian's wounds: lame (leg injury from battle of Orithyia); scar on chest (Agilus's avern leaf); torn cheek (Agia's brass knucks.) Hmmmm. I think some kind of facial injury for Silk is very likely.

This much traffic is very unusual for the Whorl list. Perhaps we should consider folding it into Urth?
