Does anyone know the titles of all the New Sun short stories? The ones I'm aware of are "The Boy Who Hooked the Sun," "Empires of Foliage and Flowers" and "The Map." But I think there's at least one more.

You've forgotten "The Cat", a short story set in the House Absolute during Severian's Autarchy. It is anthologized in Endangered Species, along with "The Map."

I suppose you could include "The Old Woman Who Used The Sun ... " err, something (another Cheap St. chapbook) as another story from The Wonders of Urth and Sky although there's no external evidence, other than the title.
