Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I actually purchased an omnibus of the Calde and Exodus books titled "Epiphany of the Long Sun". It is published by GuildAmerica Books. I haven't seen the first one, "Litany of the Long Sun", but then again I haven't really looked yet.
