Hello Everybody,

My name is Darryl and I have never before posted a message to the Whorl list. I am two months behind in reading the Whorl posts, so please bear with me.

What made the fish that Mucor told Horn would be on a flat rock, jump out

When I read this part in OBW I just assumed that Mucor sort of 'took control' of the fish, jumped them onto the rock, and then 'withdrew control' when Horn retrieved them.

Please tell me what you think of this idea.

Thanks,

Darryl
