Well, if Silk were in a two-headed Pas-body, he'd certainly be a topic of conversation and very unlikely to pass anywhere without notice. We probably won't have much evidence on this either way until Horn makes it back to the _Whorl_.

The possibility of Silk being in a two-headed Pas-body hadn't occurred to me. My thoughts had simply been that if Horn is in Silk's body, and Horn thinks Silk is still out there and outside Mainframe, then Silk's consciousness must have been somehow transferred to some other body.

Is there textual evidence from TBOTLS that Silk may be in a two-headed Pas body? (It's been a while since I reread it.)
