Important correction from Jonathan Laidlow to my and alga's recent postings on my online articles:

Dear all,
sorry to have to correct Dr Nick and Alga, but the version of Ultan's Library, complete with Dr Nick's Long Sun articles, which had its URL posted yesterday has now been taken down, as it is currently for private viewing only. If any of you looked at/printed/downloaded any of the currently available pages I'd be grateful if you would look out for the revised and edited pages when they appear.

The electronic journal on GW will be launched at the beginning of June, and more details on the contents will be available nearer the time. We should have a University of Birmingham URL to go with it, but if not, Ranjit has said that we might be able to host the whole thing on urth.net.

Anyone requiring further information/clarification is welcome to email me.
