Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Well my copy of IGJ hasn't arrived yet (in the UK) but Nigel Price informs me that his has at least been dispatched. Now that it has actually been released I think we can all dispense with spoiler space on Whorl. I've just stopped reading here until I've had a chance to read it.

And Paris was wonderful.

Correctathon and further details of the Symposium will follow ASAP.
