Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I have a quick question. Why did Silk agree to become a part of Pas? Is there an explanation in the Long Sun books? Just wondering.

Thanks,
