Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Alice Turner — 13 Feb 1997, 18:02

Another thought on Tartaros. He appears to be in charge of Mainframe at the end of the series. If that is so, and if the monitor on the landing ship is connected to Mainframe, and I would think it surely must be, then it is Tartaros that makes the decision to override orders and send the lander to Blue.

Which makes him a good guy.
