Horn as Inhumu. Interesting premise. Definitely shocked me.

Continuing the Pros and Cons of Horn being a inhumu.

Pros:

He hasn't returned to Nettle although it seems to be within his power.

He states he can't return to Seawrack. Is this why?

Cons:

If when he died on Green an inhumu decided to impersonate Horn, or drank from his essence and became Horn, then where would the story of the Neighbor transferring Horn's essence to another body fit in.

Why wouldn't Horn have died in the snow from exposure as Fava did. He said that she benefited from his body heat but he got nothing from her (cold blooded).
