alga scripted:

Wombat enquired:

\*Must we assume that, with a name like that, Endymion is a monster?

Hell, no, though he might be asleep at the wheel!

Actually, I'm just a person who throughly enjoys reading Gene Wolfe stories.

I often don't understand them. I never understand them fully. And I feel

fortunate to understand more of them by reading the opinions of the  
\*professional\* Wolfe readers here <smile>.

Hey, that was just a little Endymion joke that I couldn't resist, nothing more. And I bet you understand this stuff just as well as anyone else does.

I took it as that <smile>. And thanks for the vote of confidence. However, I still think I'm better at asking questions while many of you are great at answering them. I am impressed.
