Drawing on a remark John Clute made a few days ago:
are we sure of the fate of those inhumani who, however long ago, ingested Neighbor blood and thus became equal to the Neighbors in puissance? The inhumani who in Horn's time infest the City on Green clearly have a relation to them, but their qualities seem to derive from their human slaves, the "inhumans". Did the original "Neighborly inhumani" survive in some other guise? Specifically, are the Neighbors Horn encounters not perhaps inhumani themselves?
