Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

A mole has just sent me "The Night Chough." I will photocopy and send this to anyone who requests it (yes, overseas OK). Address akt at attglobal.net or (better) al at playboy.com . Let me say in advance that the evidence for other than momentary possession is virtually nil. but you cam make up your own minds.
